

The following information is provided as a service by SCI to the fellowship.

ANNUAL SCI REPORT CARD: SCI has been operating for over six years now. Early in our formation, Group Representatives asked, “What does SCI do?” It was a simple, but profound question. It told us our supporters wanted more than a “service entity” in name only. They wanted service. They wanted to see service being done and they wanted service opportunities. Thus, our Annual SCI Report was born. Every February, SCI puts out our report card so our Group Representatives can report back to their home groups what SCI has accomplished the previous year. It takes hours of preparation as over nine service chairs crunch the numbers on how many meetings were conducted, telephone calls received, attendees at meetings, etc. We refer to this report as our “say to do” ratio. We talk about where we can “carry the message” and then we do it. This report card is proof positive of our “say to do” ratio.

SCI REPORT CARD FOR 2023: Please share this report card with your groups. If you have ideas about service opportunities and/or carrying the message, we’d love to hear from you.
